OUR COMMUNITY

is one driven to encourage togetherness. We, here at Growth, believe that we can incrementally destigmatize the art form that is tattooism. Our clients become family, and our doors are welcome to anyone at any time. There is no place for hatred here, only love! We have artists from all walks of life and many disciplines so come see what they're all about!

"I started coming to Growth in 2009 and they are still my favorite shop and one of my favorite places to be!"

-Drew F.
